## THE FACTS

Habitat for Humanity of Greater Los Angeles (Habitat LA) will host a virtual Veterans Build event on Monday, December 7, 2020. Please join us to learn about Habitat LA's programs for veterans while we virtually join a special build day at a Los Angeles veteran family home. We will be joined by a panel of experts to discuss some of the challenges our veterans and military families are facing with regards to housing, employment and the transition to civilian life. The panel will also share opportunities for additional resources and available services. We encourage people from all walks of life to attend so that we can continue to build strong veteran and military families in greater Los Angeles through housing, stability and self-reliance.
