

## ♥ OUR MISSION

Seeking to put God's love into action, Habitat for Humanity brings people together to build homes, communities and hope.

## 🏠 OUR VISION

A world where everyone has a decent place to live.

### Our Work

**Families partner with Habitat LA locally and internationally to build better lives for themselves and their children.**

#### How Families Partner With Habitat LA:

##### Homeownership

Partner homeowners help build their own homes alongside volunteers, and pay an affordable mortgage.

##### Home Repairs

Partnerships between Habitat LA and low-income homeowners provide critical health and safety repairs to the interior and exterior of their homes.

##### Neighborhood Revitalization

Working locally with residents, community leaders and organizations, Habitat LA addresses real concerns and improves the lives of the people who live in the neighborhood in the best way possible.

##### Community Building

Habitat LA partners with local, city, state, and federal organizations to provide additional resources and support in addition to housing needs.

##### Disaster Relief

A top priority for Habitat LA is to provide shelter assistance, education, training and partnerships to the affected individuals who find themselves in unthinkable situations rebuilding after a disaster strikes.

##### Financial Education

Through Habitat LA, future homeowners are prepared for long-term personal success through financial education on household finances to help alleviate barriers on the path to homeownership.

### Our Model

**Habitat LA builds strength, stability and self-reliance through shelter.**

We offer a hand up, not a hand out.

Habitat homeowners help build their own homes alongside volunteers and pay an affordable mortgage.

With a little help, we all have the potential to stand on our own.
