

The overwhelming need for housing in Los Angeles County has provided Habitat for Humanity of Greater Los Angeles (Habitat LA) with a unique opportunity to change lives in our neighborhoods. As a Habitat LA volunteer, you will not only make a difference with a days' work but also make a connection with a family moving towards stability and homeownership.

“As a member of the Greater Long Beach Area Faith Coalition, I’ve come to appreciate the impact of Habitat LA’s contributions to so many communities. The greatest joy for me personally was being a part of the four home development at Henderson Avenue from start to finish and working hand-in-hand with the hardworking families.

- Greg Fellers, Habitat LA Volunteer”

Types of Volunteer Opportunities Include:

Construction

No construction experience is required, just a willingness to learn and work hard! Our experienced construction on-site staff will teach you everything you need to know!

Serve as a Site Host

Site hosts welcome and greet groups of volunteers as they arrive on our build sites and assist with the sign-in process.

ReStore

Habitat LA ReStore needs volunteers to help load trucks, greet and assist customers, and prepare donated items for display.

Office Administration

Volunteers are needed to answer phones, maintain databases, help with mailings and assist on other projects.

Special Events

We produce many special events during the year, so if you're known for your event planning skills, we want you!
