

## WE SERVE. WE HONOR. WE BUILD.

**The Habitat for Humanity of Greater Los Angeles (Habitat LA)** Habitat for Heroes program is an outreach initiative seeking to assist, engage, mobilize and educate military members and veterans about our program and services.

### HOMEOWNERSHIP

Our veteran population in Los Angeles is growing, and many are struggling with basic needs, including decent and affordable housing. Habitat LA encourages low-income veterans interested in homeownership to apply.

### HOME REPAIR

Habitat LA offers a home repair program for low-income veteran homeowners. These repairs include both interior and exterior improvements to address health and safety issues in their homes.

### VOLUNTEER

Veterans, military personnel, and their families know the value of service. We invite our veteran community to join us through various volunteer opportunities, including building new homes, home repairs, volunteering in our ReStore, and serving on committees or special event teams.

### HOMEBUYER EDUCATION & COUNSELING

Habitat LA offers veterans pre-purchase and post-purchase education through our Pathways to Homeownership and Family Investment programs, along with one-on-one counseling. These resources help veterans with home maintenance and financial literacy, setting them on the path to successful homeownership.

### ADVOCATE

Many veterans in Los Angeles County lack permanent housing. With the increasing number of returning military personnel, the need for affordable housing will continue to grow. Beyond building homes, changes in legislative policies are crucial. We encourage our veteran partners to advocate for change and make their voices heard!
